1. The FDGB in the state of Mecklenburg has offered to admit members of the Demokratischer Frauenbund (DFD) to its trade union schools; each month two are to be permitted to attend an eight-day course.
2. During a meeting of DFD chairmen, which took place in the middle of June, it was resolved that DFD groups should be formed in the individual factories, since working women are too tired and do not have sufficient time to attend DFD evening functions. This resolution was proposed by Emmy Damerius of the Dresden SED.
3. The following women (all SED) hold the post of secretary-general of the DFD in the various states of the Russian Zone:

Frau Pfennig	-	Saxony
Frau Hoffmann	-	Thuringia
Frau Gerhold	-	Mecklenburg
Frau Goldschmidt	-	Brandenburg
Fraulein Sprich	-	Saxony-Anhalt
